

# ENVIRONMENTAL POLICY

Sarkar Tactical

Sarkar Tactical Inc. are committed to protecting the environment by minimising the negative impact of its activities, reducing risk and preventing pollution. We will comply with all environmental legislation, regulations and appropriate codes of practice relating to our business activities. It is the company's objective to co-operate and maintain good relations with all regulatory authorities.

Sarkar Tactical has implemented an integrated management system in accordance with ISO 14001:2015 and are dedicated to ensuring the implementation and continual improvement of this system.

It is the declared policy of Sarkar Tactical to carry out all reasonably practicable measures to continually improve its environmental performance. The company aims to:

- assess the environmental impacts of the company's activities during the manufacture of its products and throughout their lifecycle, namely helmets, vests and plates;
- reduce the amount of waste produced, and recycle wherever possible;
- reduce the consumption of raw materials, energy, water and fuels;
- limit the discharge of pollutants to water, land and air;
- use recyclable and renewable materials in place of virgin products, wherever possible; and,
- be considerate to the general public by reducing noise and disruption.

Sarkar Tactical recognise that the management of environmental matters is the prime responsibility of the senior management, who will ensure that there are adequate resources available to implement this policy.

It is also recognised that this policy can only be successfully implemented with the involvement of all staff. Management will actively promote environmental awareness and understanding in employees, key suppliers, customers, subcontractors and other interested parties.

Signed:

Pawan Sood, Chief Financial Officer
